## Professional Background

Experienced graphic designer with strong self-discipline, organization, and client management skills. Proficient in mentoring, public speaking, and leadership, with a knack for handling complex situations and making informed decisions discreetly.

---

## Professional Experience

2022-2023: Childhood Center at the "Yachdau" Association. Role: Instructor.

In the childhood center, instructors oversee the child's daily routine from morning to bedtime, addressing their physical and emotional well-being during this crucial developmental stage. They create a structured environment and show sensitivity to each child's unique circumstances while collaborating within a team of around 20 instructors.

2021-2022: Court House Security. Role: Security Officer.

Security officers at the courthouse are responsible for upholding public order and addressing disruptions or incidents, emphasizing service and representing the diverse courthouse visitors. They apply professional discretion in complex situations, collaborate as a team, and perform routine tasks like inspections and patrols to ensure safety and security.

2017-2020: Independent Graphic Designer.

Primarily worked with Adobe software – Photoshop and Illustrator. Provided illustration and business branding services, involving client interaction, collaboration, and project planning.

---

## Volunteering

2021-2023: Heroes For Life Association. Role: General role.

Involved in the recruitment process, interacting with mission candidates, and managing both in-person and online interview days.

September 2022: Tamar Team – Nepal, Heroes For Life . Role: Mission Member.

Heroes For Life annually dispatches about 18 missions worldwide, where Israeli backpackers devote two weeks of their travels to volunteer in local communities, primarily focusing on teaching at local schools and participating in renovation projects.

2018-2020: Simcha L'Yeled Association. Role: Mentor.

Provided guidance and support to a young individual dealing with a chronic illness within the various programs of the association, with the primary goal of offering a stable social framework and helping her overcome the challenges of adolescence.

---

## Military Service

2018-2019: Instructor in the Duvedan Unit.

Worked in the navigation department, training soldiers in navigation skills for both urban and open terrain. Additionally, contributed to the Training Development Team, designing instructor training programs, overseeing their activities, and offering expert guidance. Had responsibility for soldiers' professional growth, overseeing training exercises and ensuring the quality of instruction for each team.

2020: Course Commander.

Led a team of approximately 20 soldiers during a training course, overseeing the delivery of professional content, evaluating the soldiers, and mentoring them.

---
